

Fixed Fee

We appreciate some clients wish to know exactly what they are going to pay when instructing solicitors and would not wish for their costs to go above a certain level.

We offer a fixed fee divorce for £600 plus VAT and disbursements for all clients. The disbursements are £340 for the divorce petition fee and £45 for the Decree Absolute fee. The £340 is payable at the outset of proceedings.

We can also offer fixed fees for children and finance matters dependent upon the complexity of your case. We will discuss this with you and tailor-make a package for you depending upon your requirements and affordability.

Please also read our other funding fact sheets for the other services we can provide.
